There are several hundred large flowering Chrysanthemums and Pompons and as it is impossible to list them all here, we must necessarily classify them as good, better and best, and list only the best. For commercial growing, with many, however, it is a matter of choice, and we shall be glad to secure for you any variety not listed below.

Snow-white. Large incurved white. Nov. 1st. Take terminal bud. Rooted cuttings, \$12.00 per 100, \$100.00 per 1000.

5 W1, 10

E CONT

Orange Queen (1921). Loosely incurved. Blooms for Thankegiving; 3-3½ ft. R. C. \$8.00 per 100, \$75.00 per 1000.

Rosa Raisa (1923). Perfect incurved rose pink; 4½ ft. Select hud Sept. 20; matures Nov. 15 and can be held for Thanksgiving. Rooted cuttings, \$12.00 per 100, \$100.00 per

Corp. J. Frad Piper. Exhibition yellow; Nov. 5.

December Queen (1917). Latest large yellow; 4 ft.; bud Oct. 5; matures Dcc. 1.

low; 4 ft.; bud Oct. 5; matures Dcc. 1.

Louisa Pockett. Fine late white; Nov. 15.
Large size. For commercial as well as exhibition. Rooted cuttings, \$8.00 per 100, \$70.00 per 1000.

Adrian's Pride (Smith). It is as bright a yellow as Marigold. Matures Nov. 20 to 30. Rooted cuttings, \$8.00 per 100, \$70.00 per 1000.

SPRINGFIELD CARNATION FOOD

An exact food, based on the needs of carnations. It has secured the enthusiastic endorrement and approval of growers throughout the country. It invigorates root action, strengthens stem and calyx, intensifies the color, adds lasting qualities to the blooms, and insures a larger and more perfect crop-

Single 100 lb. bag - \$4.80 500 to 1000 lbs - 4.50 cwt. Ton lots - 4.00 cwt. F. O. B. Springfield, N. J.

SPRINGFIELD ROSE FOOD

Contains just what is needed for the rose. It is a properly balanced, organic rose food and entirely takes the place of bone meal, sheep manure or tankage. It rimulates the vitality of the plant ard produces a larger crop of more perfect blooms.

	3 75
	3 50 cwt
Ton lots	3.30 cwt

F. and I. Tobacco Mulch AND INSECTICIDE

ITS VALUE AS A FERTILIZER
Containing, as it does, from 2% to 3%
Ammonia, 4% to 6% Potash and ½%
of Phosphoric Acid, is actually worth from
it to 8 times as much as ordinary stable
manure. At the price we ask it is cheaper
than manure and far better than chemical
fortifizers.

It is entirely a proceedable product and

fertilizers.

It is entirely a vegetable product and when placed in the ground rots away rapidly, adding valuable humus to the soil.

The high potash content gives the plant just the food it needs to make strong, healthy stalks; wonderful for Carnations, Sweet Peas, Roses, and other plants that need long, strong stems.

ITS VALUE AS AN INSECTICIDE

ITS VALUE AS AN INSECTICIDE
The nicotine content is very high, therefore, if used as a mulch on bench or pots, it will destroy rose midge, strawherry heetle, root aphis, etc., and control green fly, thrips, aphis, and all soft-hodied, sucking insects. Nicotine content not less than 1%. \$35.00 per 2000 lbs.

Tobacco Dust. A good grade of Tobacco Dust, coarse and fine together, well screened, all large pieces of stems, wood, etc. removed. 2000 pounds \$30.00.

Cut Tobacco Stems. Specially prepared for mulching or fumigating, clean and fresh, packed in burlap bags. 2000 lbs. \$20.00.

NEW CARNATIONS for 1925

ROOTED CUTTINGS

WINSOME. Already the largest sale of any Carnation ever disseminated. Ward by Enchantress seedling. Ward color. Prices, rooted cuttings, \$11.00 per 100, \$100.00 per 1000.

SPECTRUM. The best Red Carnation in sight. It is a wonder as keeper, shipper and producer. Rooted cuttings, \$15.00 per 100, \$125.00 per 1000. Get full particulars and place your orders early. Awarded Gold Medal for best keeper at Philadelphia Annual Carnation Convention, January, 1924.

BETTY LOU (Baur-Steinkamp & Co.) Another Gold Medal variety. A variety that possesses quality in blooms and produces them freely. Color, Ward shade; very bright, very pleasing. Habit and growth is ideal. Rooted cuttings, \$15.00 per 100, \$125.00 per 1000.

1000.

CHERFUL (Hausmann Bros. & Son). New dark pink, Ward color. Continuous and free bloomer, good keeper, well-formed flowers; does not split. Rooted cuttings. \$15.00 per 100, \$125.00 per 1000.

JOHNSON'S CRIMSON. It is a seedling from Belle Washburn and Doris, as fine a color as I have ever seen in a crimson; has plenty of life, and, unlike most crimsons, it positively does not burn or turn black on the edges. It is extremely free, a big flower, stiff, long stem, and a nice habit of growth and a good propagator. Rooted cuttings, \$15.00 per 100, \$125.00 per 1000.

SURPRISE. A pink seedling a trifle darker shade than Laddie and more even shade. A well grown flower of Surprise is equal to Laddie in size. Strong grower, easy propagator; very early and profuse flowering habit. \$10.00 per 100, \$90.00 per 1000.

NEW BEGONIAS

This set of five varieties we believe to be a decided step in advance of any Begonias of the Semperflorens type yet introduced. February Delivery.

FLAME OF LOVE. Color brighter than Mrs. Patten, softer than Newcastle; dwarf and compact in growth, covered with flowers; an early variety.

ALBERT MARTIN. Like Flame of Love; flowers not quite so large; dwarf and a more bushy grower than Flame of Love; also an early sort.

LIEGNITZ. A grand sort to follow both Albert Martin and Flame of Love; ideal for late Winter and Spring pot plants; free growing, medium tall; flowers bright red, showing lighter to center and showing prominent yellow stamens, giving the appearance of a yellow eye.

yellow eye.

CHATELAINE HYBRIDS. Very much like Chatelaine Supreme, only flowers are larger with same color; freer bloomer than Supreme and not so coarse in growth.

SCHMIDT'S IDEAL. This is a true red, large flower, free growing and medium dwarf

MULTIFLORA JAPONICA

American Grown 2-yr.-old, 4 to 6 mm., \$21.00 per 1000.

NEW ROSES RED PREMIER for 1925

Originated by ROBERT manently fixed in 1922.

COLOR: Inside of petals bright cardinal-red; outside of petals bright carmine red. Very brilliant under artificial light.
FRAGRANCE: The flower is very fragrant.

The Rose is similar to Premier except in color. The bud is long and pointed and much better form than Premier. Dark green foliage and a stronger grower; not quite as many petals as Premier, which is an advantage. It opens and develops perfectly.

Almost all Red Roses become blue or at least a dull shade as the flower becomes older. On the contrary, Red Premier becomes brighter as the flower develops and remains so until the petals actually fall. This feature combined with its fragrance and wonderful keeping and shipping qualities and freedom of production destines the variety to become our most popular Red Rose for Winter forcing. forcing.

We are sole agents for Robert Scott and Son in the disseminating of this new Rose.

PRICES: SCIONS: \$20.00 per 1000, \$180.00 per 1000, \$750.00 per 5000.
OWN ROOT PLANTS: \$30.00 per 100, \$250.00 per 1000.
GRAFTED PLANTS: \$40.00 per 100, \$350.00 per 1000.

GOLD MINE A Ward seedling; resembles Ward in color; larger flower, stronger grower, free bloomer. Much better than Ward in the Winter months.

Grafted Plants.......\$35.00 per 100, \$300.00 per 1000

SILVER COLLIMBIA Silver Columbia is making good, all and more

than we claimed for it last year.
